

First Parish Church of Concord MA

Circa 1900 historic structure for a 363-year-old church organization in the heart of Concord Massachusetts. Mills Whitaker Architects has provided the following services:

- 1998 Consultant to Preservation Technology Associates, Inc. for analysis of existing conditions and recommendations for repair of church tower.
- 1999 Belfry Repair Project - prime consultant for replication of wooden bell wheel, replacement of bell support systems and repair of tolling devices.
- 2000 Tower Refinishing Project - tower painting, gold leafing and window repairs.
- 2001 Cupola Repair Project - consultant for carpentry repairs related to powder post beetle damage.
- 2003 Nursery School Project - developed work scope for selective renovations to the Nursery School area of the facility.
